

Introduction to Computer Science

Chapter#1 – Introduction

In Class Practice

1. Write a computer program that displays “Programming is Fun” to the screen.
2. Write a computer program that displays your name, your zip code, and your major to the screen in separate lines.
3. Write a computer program that display the following information to the screen:

Formulas

The perimeter of a circle = $2 \times \text{radius} \times \text{Pi}$

The area of a circle = $\text{radius} \times \text{radius} \times \text{Pi}$

The area of a rectangle = $\text{width} \times \text{height}$

4. Write a computer program that calculates and displays to the screen the results of $1+2+3+4+5+6+7$
