Introduction to Web Design

Midterm exam on Tuesday, October 22
Introduction to Web Design

Midterm Exam

The format of the midterm exam is multiple-choice.

Questions will be both concept- and code-based.

You should be familiar with material from the lectures, slides, and reading.

You should also be able to read and answer questions about HTML, CSS, and SVG code.

Be sure to arrive on time and bring your NYU ID and a pencil.
