MOUNAIME ILYAS

A dynamic and reliable student in INSA de Rouen (National Institute of Applied Sciences) looking for an internship to enforce theoretical experience in the Mathematics and I,T fields. Through my work and academic experience, I have developed my organizational, and communication competences and I am now seeking an opportunity to make the best use of my skills and develop them further. Aiming to achieve a high standard in whatever task I undertake, I would be even more motivated to work in a field I am particularly interested in.

QUALIFICATION

- 2013 - 2016** INSA de Rouen, Saint-Etienne de Rouvray
First year student on engineering cycle (Mathematics Engineering) in a leading french Engineering school (Ranked 4th in France in L'Etudiant)
- 2011 - 2013** Université d'Orléans (University of Orléans), Orléans
Two year on a Bachelor's degree specializing in Mathematics and I,T.
- 2009 - 2011** Lycée Ibnou Chouhaid, Casablanca
Baccalauréat specializing in Mathematics Science passed with honors (equivalent of high school certificate)

WORK EXPERIENCE

- September 2012** Seller in a tobacco store (in Orléans during 2012/2013):
I could sell up to 10000 every Saturday, the boss always congratulated me by presents,i was his favourite,
- October 2011** Deliverer of pizza in a pizzeria known in Orléans.
