IPinvestments Group is an intellectual property (“IP”) business advisory firm committed to extracting maximum value for patent assets by assisting patent owners with selling or licensing their patents. **IP**investments Group’s services are provided under a “success fee” structure (a/k/a – contingency fee) and without a retainer.

Our clients have ranged from large publicly-traded companies to individual inventors. For these clients, **IP**investments Group has successfully marketed and negotiated numerous patent transactions / patent license agreements related to a wide range of technologies. A summary of our professionals’ experience is provided below.

- Negotiated and executed over **\$130 million** in transactions and licensing agreements
- Average executed transaction is over **\$3 million** over the past 3 years
- Average price per patent asset (issued and pending) is in excess of **\$500,000** over the past 3 years

With backgrounds in accounting, engineering, finance and IP law, as well as extensive experience in negotiating the economics of IP-rich agreements, **IP**investments Group’s professionals are well prepared to successfully navigate the complex process of selling or licensing IP assets.

Why **IP**investments Group?

- Experienced, respected high-end patent brokers
- Tremendous relationships / network of patent buyers
- References / Referrals – Many of our best references and sources of referrals are professionals we have negotiated against in the past
- We will put our work product, process and work ethic up against any competitor
