lucas.robin.chevallier@gmail.com

Driver licence

With a strong legal background and currently trained to management in environment and sustainable development. I would like to take part in environmental projects (waste, water, infrastructure ...) through an internship. I am available from March 2013.

Education

Sept 2012 – present: MSc in environmental management, sustainable development & geomatics
Université Paris Panthéon-Sorbonne / National School of Geographic Sciences (ENSG)

Economic calculation and management of environmental projects, sustainable development strategy, environmental economics, valuation of natural resources, waste and water economy, risk management, cartography and geographic information systems.

Management of government projects:

- Audit of economic and political actors in the region of Belfort-Montbéliard to implement a plan to prevent the risk of flooding ;
- Support the creation of a tool for processing applications for recognition of natural disasters (Department of Civil Security)

Sept 2011 – March 2012: Master in Law of the sustainable development – Paris Descartes University

Environmental law (industrial plants, soil, water), nuclear law, energy law, urban planning, corporate social responsibility, health and safety of workers, International and European environmental law.

Sept 2010 – April 2011: Master in International and European Law – Erasmus University Rotterdam (NL)

Exchange program: European constitutional and institutional law, International economic law, International criminal law, Comparative constitutional and administrative law, Mediation & arbitration.

2007 – 2010: Bachelor of laws at Paris Descartes University.

European Union law, Tax law, Labour law, Corporate law, Contract law, Administrative law, Public finance
Specialization in Public law.

Work experience in the legal field

March – August 2012: Lafarge – Legal department France (intern) – Saint-Cloud, France

Participated to the legal monitoring committee on environment (internal institution of Lafarge France), resolved legal issues faced by directions of concrete plants and quarries of Lafarge relating to classified facilities for the protection of the environment, land law, planning law, contract law, commercial law and transportation law.

July – September 2011: Huglo Lepage & Associés Conseil – law firm (Intern) – Paris, France

Completed case analysis and drafting of legal briefs concerning law of industrial environment, energy law, urban planning law and public contract law.

May – June 2011: Volkringer Avocats – Law Firm (Intern) – Paris, France

Supported researches and drafting of briefs and legal acts concerning labour law, accompaniment to hearings.

May – July 2010: SVP Le service juridique (Intern) – Saint-Ouen, France

Consulting company for local authorities and private companies resolving legal disputes in pre-litigation. Worked at the Public Law Department, resolved legal issues faced by local authorities (urban planning, environment, public procurement...).

Work experience in other fields

January 2009 – present: Writer of film critics and chronicles of society at *Snatch® Magazine culturel*.

July – September 2009: Writer at Evaway (tourism website) of descriptions of tourist attractions.

May – June 2009: Fundraising for Oxfam International (Paris) for an awareness campaign on climate change.

Summers 2006-07: several summer jobs: retail service, waiter in a restaurant, video games tester.

Associative activities
