MSCS Orientation Session

Please make sure your speakers are turned on!
Welcome to NYU & the Computer Science Department!

We look forward to working with you, as you pursue your educational goals.
Computer Science Department Staff

Professor Ernest Davis
Director of Graduate Studies, M.S. Programs

Katie Laugel
Manager, Academic Affairs, Graduate Programs
 Remarks by Professor Benjamin F. Goldberg
Course Registration

To register, go to NYUHome and access Albert, the course registration system.

- Prerequisites
  - Be sure to review the prerequisites of courses so you can be prepared to do well in the course. Some courses will require instructor permission to waive a prereq.

- Waitlists
  - The waitlists are first come, first served and will be purged after a certain point in the semester.

- Swap Function
  - If you waitlist for a course, be sure to set up a swap so the waitlist engine does not skip you.

- Permission numbers
  - If a course requires a permission number, contact your advisor

- Course overload requests
  - After your first semester, if you have a 3.75 GPA or higher, you can request to enroll in 12 credits
Getting Started in Your First Week at NYU
While not required, I encourage you to make an appointment with me once you’re on campus to discuss your spring course selection. I’m be happy to answer any questions you may have.

You can make an appointment with me [here](#). Be sure to take into account the time zone your calendar is set to and please make the appointment using your NYU account, not your personal gmail account.
- Necessary to access all NYU buildings
- Students can access http://photoid.nyu.edu/ to upload a photo to be used for their I.D. card. Students will receive an email when their card is ready to picked up.
- Proof of identification (i.e. state driver’s license, state photo ID, or passport) is required to pick up the card.

**Location of the Card center:**
7 Washington Place

**Hours of Operation:**
Monday - Thursday: 9am - 6pm
Friday: 10am - 4pm
Saturday - Sunday: Closed
Office of Global Services (OGS)

- The US government requires all new NYU international students to report their arrival to NYU.
  - Complete arrival form and submit your immigration information to OGS online.
  - Attend International Student Orientation.

- Review the check in procedures on this page:
  
Full-Time Equivalency (FTE)

- Most international students are required to maintain full-time status during the fall and spring semesters.

- 9 credits of course work qualifies for FTE.

- You will automatically be given FTE at the beginning of the spring semester but if you need it earlier for any reason, please contact Katie.

- Financial Aid implications:
  - Half time status
Planning your Course of Studies
Planning a Course of Study

- Planning from the beginning

- Full-time students
  - Three courses, nine credits, a semester

- Part-time students
  - One course, three credits, a semester

- International students
  - Be sure to plan so that you finish in the time given to you by your Visa/I-20.
Degree Requirements

MSCS Degree Requirements Form
Foundational Courses

- Required Foundational courses
  - Fundamental Algorithms, Programming Languages and Operating Systems
  - Must maintain a B- (2.7) average or better in these courses

- Full time students
  - Complete at least one foundational course during first semester
  - Complete all three by the end of second semester
  - We do not advise registering for all three in your first semester.

- Part-Time students
  - Must take a foundational course as first course
  - Must complete all three within the first six courses

- If any of the above is not satisfied, you will be placed on probation
Independent Study

- Research opportunities

Requirements

- Full-time faculty member to work with
- DGS approval

Can be taken as part of the 36 credit requirement

- [Master's Independent Study Authorization Form](#)
Capstone Courses

- Degree Requirement
  - Grade Stipulation
    - Students must earn a B or better to meet the capstone requirement

- Prerequisites
  - Most capstone courses have the three foundational courses as a prerequisite, but students should check the instructor’s course homepage for more info.

- Timing
  - We suggest taking a capstone in your second-to-last semester so that you have one more semester to take another capstone, in case you do not earn a B or better.
Thesis Option

- Qualifications
  - Cumulative GPA of 3.75 or better after 6 courses
  - B+ or better in all of the foundational courses or placed out of the course
  - Full-time faculty member as an advisor and one as a second reader
  - Replaces capstone requirement
External Internships/CPT

- Job searching
  - The Wasserman Center for Career Development
  - CS opportunities mailing list

- Qualifications
  - Credit Requirements
    - Full time students can do an internship for credit after two semesters.
    - Part time students can do an internship after 6 courses.
  - Transfer students
    - Amount of credits transferred can affect internship eligibility
  - Academic Good Standing
    - Students must be in academic good standing to be approved for an internship
  - Academic Integrity Policy Violations
    - Students who have been found guilty of violating the academic integrity policy can be denied an internship for credit

- International students must also get approval through OGS

- Lengthy process so plan accordingly
Policies and Procedures
Good Standing & Probation

- GSAS requirements
  - Minimum cumulative GPA of 3.0
  - Successfully complete 66% of credits attempted

- MSCS students
  - Maintain average GPA of 2.667 (B-) in foundational courses

- Probation
  - Restoration to good standing
    - If you are put on probation, you will receive a letter detailing why and your timeline to restore yourself to good standing. Students typically have until the end of the following semester to restore themselves
  - Termination
    - Students risk termination if they do not restore themselves

- Students can appeal termination, a probation decision or the criteria set for the reversal of probation
Importance of Academic Integrity to all students

All students need to read and sign a copy of the academic integrity policy.

Check with instructors if you are unsure if something will violate the academic integrity policy.

Penalties can vary from a zero on the assignment in question, to failure of the course or even termination from the program.

Students involved in cheating cases will be ineligible for departmental on-campus positions, such as grader positions. The department also may not approve an internship for credit.

Computer Science Department's Academic Integrity Policy
Refunds & Withdrawals

- Refunds
  - Last day to receive a full tuition and fees refund for a course is **Sunday, February 10th, 2019**
  - If you drop on Monday, February 11th, 2019 or later, you will receive *no refund*

- Withdrawals
  - Last day to drop courses and not receive a grade of “W” is **Sunday, February 10th, 2019**
  - A “W” will be given from Monday, February 11th, 2019 and on for courses dropped.
  - The last day to withdraw from a course with a “W” is Friday, April 5th, 2019.

- *Stern courses differ. Check with your Advisor for dates.*
Spring 2019 graduate payment deadline is Tuesday, February 5th, 2019.

Your courses can be dropped for non payment.

Registration after the deadline is possible:

- Discuss with your advisor
  - Permissions from the instructor
  - Online form must be submitted for a swap, otherwise your advisor will initiate the registration of an added course
- Payment due within six business days
Time to Degree

- 5 year limit
- Extensions are possible and are usually permitted up to one year
- International students need to be aware of possible stricter time limits set by their visas
Continuous Enrollment

- GSAS requires continuous enrollment in the fall and spring

- Three ways to maintain continuous enrollment:
  - Register for at least one credit
  - Take an approved official leave of absence
  - Enroll for Maintenance of Matriculation (requires a ~ $1,000 fee if not for medical reasons)
Transfer of Credits

- A maximum of nine credits can be transferred.
- Must be done within a student’s first year at NYU.

Must submit:
- Transfer Credit Request Form
- An unopened official transcript
- Course syllabus

Approval
- DGS
- GSAS

Impact on Internship Ability
- Students who transfer 9 credits cannot do an internship for credit.
- Students who transfer 6 credits can do one internship for credit.
- Students who transfer 3 credits can do two internships for credit.

Computer Accounts and Mailing Lists

- CIMS Account
  - Courant Computer Account page

- opportunities@cs.nyu.edu
  - Research and job opportunities

- cschat@cs.nyu.edu
  - Announcements and queries of potential interest to the Computer Science Department community

- colloq@cs.nyu.edu
  - Announces talks and seminars in our department and related fields

- Must subscribe with CIMS or NYUHome account
GSAS Master’s College

- Provides access to information, advisement, and resources for prospective and current master's students as they focus on their scholarly, professional, and personal development.

- Hosts a variety of academic events, including thesis competitions, career-planning seminars, and grant-writing workshops.

- The Master's College also plans social events to give students a chance to meet colleagues from other departments in a convivial and welcoming atmosphere.

- Find out more on their website

Time for Q & A!
I thank you for attending orientation today!

I look forward to meeting you in January and please don’t hesitate to reach out to me if you have any questions!

*Classes start January 28th, 2019!*
