

1. RESOLUTION While supporting moves towards more open and transparent forms of university governance, provision of additional financial support for students to maintain diversity in access to education, and progression towards being a global university, NYUL Faculty want to put on record that we are disturbed by revelations of substantial loans made to senior members of administration and faculty at below-market rates and in some cases forgiven, are embarrassed that NYU students are the most burdened with debt in the United States, and are concerned at the hostility generated by the 2031 development plan.
