THE BATTERY CONSERVANCY

IN MEMORIAM

Dr. Ira Glazier

Thou led'st a modest, tranquil, gracious life,
Thy kind, congenial nature all admire.
And 'gainst the world thou hadst no grief, nor strife,
Thou, as a paragon, us dost inspire.
Unsway'd by worldly gains thou kept'st thy dream
To build a bridge that linketh now and th' past.
The tomes of fore names will e'er shine and beam,
In ethnic history thy name will long last.
With language gift thou didst thyself refine,
Italian thou couldst speak and French couldst read,
Enriched by the learned taste of thine,
A perfect gentleman thou wert indeed!
A friend like thee it's difficult to find,
Thy name and deeds shall live in our mind.
